

THE VOICE OF THE STREAM.

BY SIR R. GRANT.

Sweet brooklet, ever gliding,
Now high the mountain riding,
The lone vale now dividing,
Whither away?
With pilgrim course I flow,
Or in the summer's scorching glow,
Or o'er moonless wastes of snow,
Nor stop nor stay;
For oh, by high behest,
To a bright abode of rest,
In my parent ocean's breast,
I hasten away!

Many a dark morass,
Many a craggy mass,
Thy feeble force must pass;
Yet, yet delay!
Though the marsh be dire and deep;
Though the crag be stern and steep,
On, on, my course must sweep,
I may not stay;
For oh, be it east or west,
To home of glorious rest,
In the bright sea's boundless breast,
I hasten away!

The warbling bowers beside thee,
The laughing flowers that hide thee,
With soft accord they chide thee,
Sweet brooklet, stay,
I taste of the fragrant flowers,
I respond to the warbling bowers,
And sweetly they charm the hours
Of my winding way;
But ceaseless still, in quest
Of that everlasting rest,
In my parent's boundless breast,
I hasten away!

Knowest that dread abyss?
Is it a scene of bliss?
Ah, rather cling to this;
Sweet brooklet, stay!
'Oh who shall filly tell
What wonders there may dwell!
The world of mystery well
Might strike dismay;
But I know 'tis my parent's breast—
There held, I must needs be blest;
And with joy to that promised rest
I hasten away!

New Kind of Cheese.—An esteemed friend, in whose recipes we have great confidence, has kindly furnished us with the following method of making cheese: Boil good white potatoes, and when cold peel and mash them till not a lump remains. To five pounds thus prepared add a pint and a half of sour milk, and as much salt as may be deemed necessary to season the mass. Having worked it well, let it be covered from two to four days according to the state of the weather; then work again, make the cheese the size you like and then let them dry in the shade.

After they have become sufficiently dry, place them in pots or pans, and let them remain a fortnight or more. In this way cheese of a most excellent quality may be made and what is of no small consequence it can be kept for years without the slightest deterioration from the effects of age, provided it can be kept dry. A friend who has had the pleasure of eating cheese prepared in this manner, speaks of it in the highest terms.

IMITATE CHRIST.

Unprofitable discourse robeth us of much time. Some simply employ their tongues in telling fabulous and filthy stories; others in discoursing of parties and opinions, and in talking of the faults and misdeeds of other men; some about the times, and inquiring after the news. But let Christians, when they converse, imitate their Lord; the words that proceeded out of His mouth were gracious words.—[J. Fox.]

The Washington Globe says that there have been more than a million of the gold dollars coined and issued up to this date. It urges that this coinage should be increased to at least five millions. It also suggests with much truth that a two-and-a-half or a three-cent piece of silver or of a mixture of silver and copper, would be an improvement on our currency.

NATURALIZATION OF THE HUNGARIANS.—On Monday, says the Philadelphia Sun of 4th inst., Count Ujhazy, late Governor of Comor, attended by his family, Mlle. Jagello, and fourteen of the Hungarian immigrants, took the initial oath, in New York, of their intentions to become citizens of the United States. The party were attended by their interpreter, Dr. Torscher, and through him addressed the County Clerk, and declared that they could not do a better act to close the year with than by taking the oath of allegiance to the people and Government of the United States, who had received them with such unbounded hospitality.

A FEMALE FOOT AND ANKLE.—When, upon the first report of the terrible explosion, the citizens of New Orleans thronged, pale with expectation, to the wharf, some of them saw upon the sidewalk several hundred yards from the scene of the catastrophe, a foot and ankle neatly housed and gartered. Perhaps that foot had trodden daintily in the merry dance, or borne its possessor along the thronged thoroughfare (on which it lay) well and buoyantly; in all the conscious pride of grace and beauty, and yet there it lay, the curious wonder of a gaping crowd, dismembered from a body shattered into fragments. N. O. Paper.

Kanawa Salt.

THE undersigned, as Agent of the Kanawa Salt Company, is prepared to sell the article as low as it can be had on the Missouri river and will keep a supply during the season. J. W. HARRIS.

Glasgow, Dec 10, 1849.

RHEUMATISM CAN BE CURED

BY THE PROPER USE OF MYERS' EMBROCATION!

THIS sovereign and effectual remedy for that painful disease, was discovered upwards of sixty years ago by the Grand-Father of the undersigned, (a German Physician of his day) and has never been made known out of his family.

Its incredible cures have astonished thousands who have witnessed its power over that disease. Unfortunately, despairing invalids, who have been bed-ridden for years, have been restored to the enjoyment of perfect health. It banishes all pain in a few days, and its efficacy is gladly realized by the patients being able to resume their usual avocations, after having suffered in torments for months and years.

The wonderful success of the EMBROCATION, in curing the worst cases of Rheumatism, has acquired for it a celebrity unprecedented, and its fame originated from its own merits. It never has failed to cure Rheumatism, either inflammatory or chronic; and I feel safe in saying it never will fail fairly tried. I pledge myself to refund the cash to any person who uses it properly without being benefited thereby. You who are afflicted may have tried every other remedy but this. Try it, and if it does not cure, it will not cost you anything. By this rule I desire it should be used.

Persons are warned to be on their guard of the cheap imitations of this medicine, which attempts have been made to procure the name from which this medicine is prepared. The proprietor deems it his duty to say to the afflicted, that he will furnish travelling agents with written authority for depositing it.

My name is on each bottle, and none genuine unless prepared by HENRY C. MYERS, Fayette, Missouri.

EVIDENCE OF ITS EFFICACY.

Read what *John A. of the Embrication* who have used it. *Some of the hundreds who have testified can only be quoted here.*

From Elders T. M. ALLEN and M. P. WILKS, Boone County, Mo., August 21, 1848.

This is to certify, that we have used "Myers' Embrication" in our families with entire success, and we hereby take great pleasure in recommending it to any who may be afflicted with Rheumatism as a most sovereign remedy.

T. M. ALLEN.

M. P. WILKS.

SPRINGFIELD, Ill., February 20, 1848.

This is to certify that I was cured of a severe attack of inflammatory Rheumatism, from the use of one bottle of your Embrication, and hope every fellow-sufferer will use it, for there is no doubt but it will cure any case, however violent; this I can safely assert after using it myself.

Yours, Respectfully,

DELOSSE BROWN.

HENRY C. MYERS, Fayette, Mo.

HAMPTON L. BOON, Clerk of the Supreme Court of Missouri, and Editor of the *Jefferson City Metropolitan*, speaks of the Embrication as follows, in his paper:

We desire to call the particular attention of all persons afflicted with Rheumatism to this very valuable medicine. One bottle we believe, will cure any case, however violent.

The senior editor of this paper, during the last winter and present spring, suffered so much from Rheumatism that he was unable at times to walk or stand upon his feet, or even change his position in bed without assistance.

A part of a bottle cured him in a few days. His son was also afflicted with the same disease, and suffered the most excruciating pain until an application of the Embrication was made, which effected an entire cure.

—Col. Minor of this city, also had a severe attack of Rheumatism this spring from which he suffered severely, and which confined him to his bed for several weeks. Nothing gave him any relief until he sent to Rochester, for a bottle of your Embrication, which he used, which expelled his pains almost instantly.

Mr. Myers ought to have an agent in every county in the State, with which this medicine should be deposited for sale. We repeat our honest conviction, for the benefit of those suffering with Rheumatism, that one bottle of this medicine will cure the most violent case that can be found.—*Metropolitan*.

BETHANY Mo., March 10, 1848.

Dear Sir:—At your request I called at Rochester on my return home, and got a bottle of your Embrication, and gave it to a neighbor whose wife had been afflicted with Rheumatism of the limbs for four years. The effect is so self-evident, that if you see proper, you can send me 50 bottles, as I can dispose of it now that it has been tried here.

Yours, Respectfully,

W. L. WATKINS.

H. C. MYERS, Fayette, Mo.

For sale at the following agencies, DIXON & HORSLEY, BARTON & BROS., Glasgow; Dr. EASTLEY, ST. LOUIS; N. & A. JOINTON, Brunswick, Mo.; A. BEATTIE, Huntsville; J. RIDDERSHAGEN, Fayette; SALISBURY & HILL, Keytesville; COCKRILL & MARLEY, Weston; GARRAGE & HALE, Liberty; MCGEE & CARRER, Richmond.

LIFE INSURANCE.

BY THE PHOENIX INSURANCE CO. OF ST. LOUIS—CAPITAL \$50,000. IN ADDITION TO THE PREMIUM.—The Legislature of Missouri having granted a perpetual charter for insuring lives, and granting annuities to the above company, with guarantee capital of \$50,000, which may be increased to \$500,000; said company having been duly organized, now presents its claims to the public for a portion of their patronage, believing that when its charter and proposed manner of doing business shall be examined and understood, the advantages offered will be obvious to all; amongst which we may mention the following: The safety of a stock company, with the benefits of sharing in the profits of the business; the premium graded to the lowest scale of any responsible company; the semi-annual payment of premiums for the convenience of the assured; days of grace liberal, travelling privileges larger, and residence in the southern States longer than is usually given.

Of the many advantages of life insurance we do not think it necessary to speak in this notice, they are beginning to be too correctly appreciated by the prudent and considerate to require any comment from us. To those desiring insurance or information on the subject, we will be pleased to furnish our table of rates, &c.

Risks will be taken on persons going to California, and on slaves employed on land or on boats on favorable terms.

JACOB BLATTNER'S NEW

Electro Magneto Machine,

FOR MEDICAL PURPOSES.

No. 55, Second Street, near Pine, St. Louis, Mo.

The favor with which this little Machine has been received by many of the Medical profession, and others who have used them on persons laboring under various diseases, have been restored to health, or benefited thereby, induces this publication. The machine is quite different from all Electrical Machines and Galvanic Batteries; it requires to be used but from one to five minutes at a time. The effects are not repulsive to the patient, and no ill effects can be referred to. Testimonials in favor of its daily use, accumulating in its most perfect control, as from a high degree of power, it can be reduced with unerring certainty, down to the very smallest, by a slight alteration of the wires, at the pleasure of the operator. It requires no assistant in its use
